Orders: Placing Andrology Lab Orders

In an open patient chart go to the Order Entry activity.

In the New Order search field type a keyword of DAL. Press Enter on the keyboard.

Double click to select the Semen Analysis, Strict Morphology order from the list of search matches that appear.

Enter an Expected date for when the lab should take place.

Enter a date for when the order Expires. Scheduling instructions are automatically embedded in the order.

Link the order with a diagnosis by placing a check next to the appropriate condition.

NOTE: Enter a new condition in the Encounter Diagnosis field if one is not present.

Click Accept.

Click Sign Orders.
