

TIPS FOR CRAFT KITS

Thank you for your interest in providing Craft Kits for our patients and their siblings. We appreciate the time and effort you put into these kits.

Please keep in mind the following items when making the kits so they can be fully enjoyed by our families.

- When assembling items for Craft Kits, remember that all materials have to be new.
- Please use one gallon clear, sealed, zippered plastic bags as the packet for each individual craft. All items necessary for the craft should be included inside the bag.
- Each craft kit should include instructions for doing the craft. The instructions should be step-by-step and easy to follow. An illustration of the completed craft is especially appreciated.
- Craft supplies should not include latex balloons, candles, knives, pins, live feathers, leaves, moss, dirt, glitter or any food products such as pasta or beans.
- Please avoid small objects that can be choking hazards.
- Crafts should be religiously, politically, ethnically and culturally neutral.

Thank You!
